

TRAINEESHIP INFORMATION	
Department/Office	Department of Engineering and Architecture
Contact persons for this placement	Prof.ssa Federica BONDIOLI
Contact e-mail	internship@unipr.it
Description of activities	Currently, the packaging sector is a major consumer of polymeric materials. However, the major problem of all types of packaging used in the market right now is that they are not biodegrade. The activities are mainly related on the design, preparation and characterization of new biopolymer or composites as packaging materials to overcome this drawback of the petrochemical-based plastics.
