

UNIVERSITÀ DI PARMA

Webinars to support and inform incoming exchange students 2020/2021

Though we are confident the world will hopefully be soon back to normality, COVID-19 outbreak is presently not helping mobility but the University of Parma is ready to welcome all incoming students by offering virtual and in-presence education. A series of webinars has been prompted to support incoming exchange students to discover the University of Parma in the upcoming Fall Semester as well as to provide practical information and mentoring on the relevant steps to be taken.
